Data from: * July 2004-June 2005; ** January 2005-June 2005

Footnotes:

1: The number of cases is too small (n < 25) for purposes of reliably predicting hospital's performance.

4: Inaccurate information submitted and suppressed for one or more quarters.

5: No data is available from the hospital for this measure.

2: Measure reflects the hospital's indication that its submission was based on a sample of its relevant discharge; 6: 0 patients. This hospital treated patients with this condition, but no patients met the

3: Rate reflects fewer than the maximum possible quarters of data for the measure.

criteria for inclusion in the measure calculation.

ACE inhibitor: angiotensin converting enzyme inhibitor; **ARB:** angiotensin receptor blocker; **LVSD:** left ventricular systolic dysfunction; **PCI:** percutaneous coronary intervention
